

User stories.

1. As a recruiter, I want to register my data into the application so that I can access it whenever I want.
2. As a recruiter, I want to log into the application so that I can provide feedback for all applicants.
3. As a recruiter, I want to enter applicant information so that I have a list of all applicants to whom I need to give feedback to.
4. As a recruiter, I want to select one of the available templates so that I can use it to give feedback.
5. As a recruiter, I want all applicants and their templates from my session deleted when I log out.
6. As a recruiter, I want to reset all applicants added so far if I do not wish to continue.
7. As a recruiter, I want to go back and forth through the templates so that I can easily check my progress.
8. As a recruiter, I want to see all codes available to the selected template so that I can easily find and tick them if needed.
9. As a recruiter, I want to preview specific feedback before sending emails to double-check or edit them.
10. As a recruiter, I want to abort and cancel my feedback progress if I do not wish to continue.
11. As a recruiter, I want to save feedback as PDFs in bulk.
12. As a recruiter, I want to store paragraphs of feedback in the database so that I do not need to type paragraphs repetitively.
13. As a recruiter, I want to be able to delete codes in case a stored code becomes redundant.
14. As a recruiter, I want to change which sections and templates should be linked together so I can group related codes to the templates.
